# Cheltenham Fashion Week's 'Fashion's Night Out' Saturday 7th December

Mercedes-Benz  
of Cheltenham & Gloucester

Marking the end of fifteen events during Cheltenham Fashion Week, tonight's Fashion Night Out is a celebration of style as we showcase the creative talents of ten designers and brands.

The evening begins with a parade of models wearing a collection of classic black dresses by online retailer Scarlett Black London with a select sample of millinery created especially for the evening by Cheltenham milliner, Lisa von Hallwyl.

During the catwalk show you will have the opportunity to witness designs by established and upcoming designers located across the UK, including Cheltenham, embracing all areas of the industry with bespoke, couture, made to measure, vintage and ready-to-wear garments.

Each designer collection features five looks from glamorous red carpet worthy dresses to bridal and perfectly tailored separates.

We hope that you will leave inspired by the combination of originality, innovation and glamour on show.
